MEMORANDUM FOR: Director of Personnel

SUBJECT : Report of Board of Medical Examiners

REFERENCE : [REDACTED]

STATINTL

25X1A 1. In accordance with your request of 4 August 1972 and under the provisions of referenced regulation, a Board of Medical Examiners was convened on 1 November 1972 to review the case of [REDACTED], a participant in the CIA Retirement and Disability System for whom you are considering an application for disability retirement. The Board Membership was as follows:

25X1A John R. Tietjen, M.D., D/MS, Chairman

[REDACTED], C/PS, Member

25X1A [REDACTED], Physician in Private Practice in Washington, D.C., Member

25X1A 2. [REDACTED] based his application primarily on polycythemia vera.

3. The Board of Medical Examiners considered the total information, including the statement from Subject's private physician, his supervisor's statement, the medical history and medical record, and the reports of recent examinations (including a report from the Hematology Division of Georgetown University Hospital). The Board did not find the Subject sufficiently impaired to warrant medical disability retirement, and it is recommended that the application be disapproved. The application could be reconsidered in the event that new or additional evidence is submitted.
